JOINT PHOTOGRAPHIC INTELLIGENCE BRIEF

ARMY-NAVY-CIA

PUNCHED

INSTALLATION: **Alleged Guided Missile Rail Spurs**
Near Braunsberg

BRIEF NO.: JB-2-59

DATE: 2 February 1959

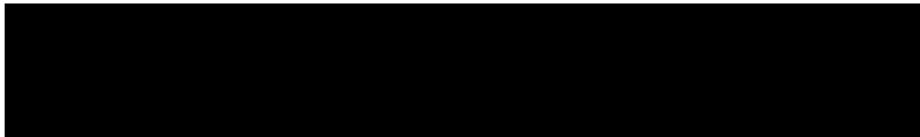

LOCATION : Poland

LAT.: 54° 17'N

WAC NUMBER: 169

LONG.: 19° 49'E

PHOTO DATA:

25X1D

MAP REFERENCE:

AMS Series M651, Sheets J-14, K-14, scale 1:100,000. (U)

ENCLOSURE: Map showing rail spurs near Braunsberg, Poland

REQUIREMENT: Prepared as a part of a comprehensive analysis of Soviet guided missile sites and activities under Joint Project 5-58.

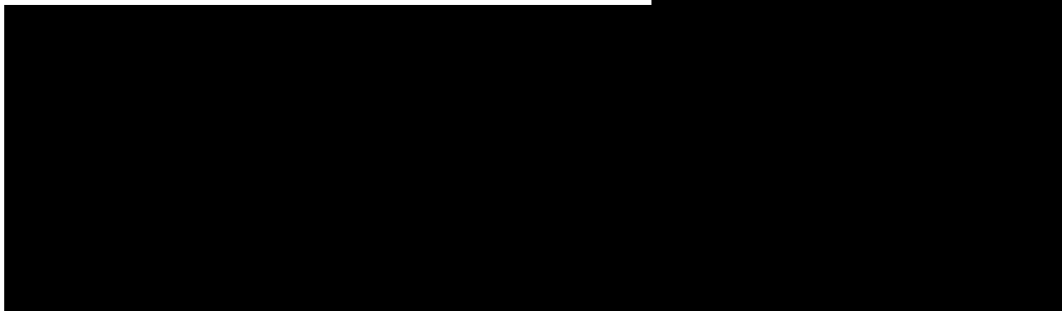

REMARKS:

25X1D This brief discusses four rail spurs which appear on photography of  along the rail line connecting Elbing and Braunsberg, Poland. All four spurs leave the main line in a five-mile section extending from 8 to 13 nautical miles south-southwest of the USSR border (see attached map).

25X1D

An examination of these spurs has been made in order to determine if any guided missile activity is present 

25X1D

~~TOP SECRET CHIESS~~

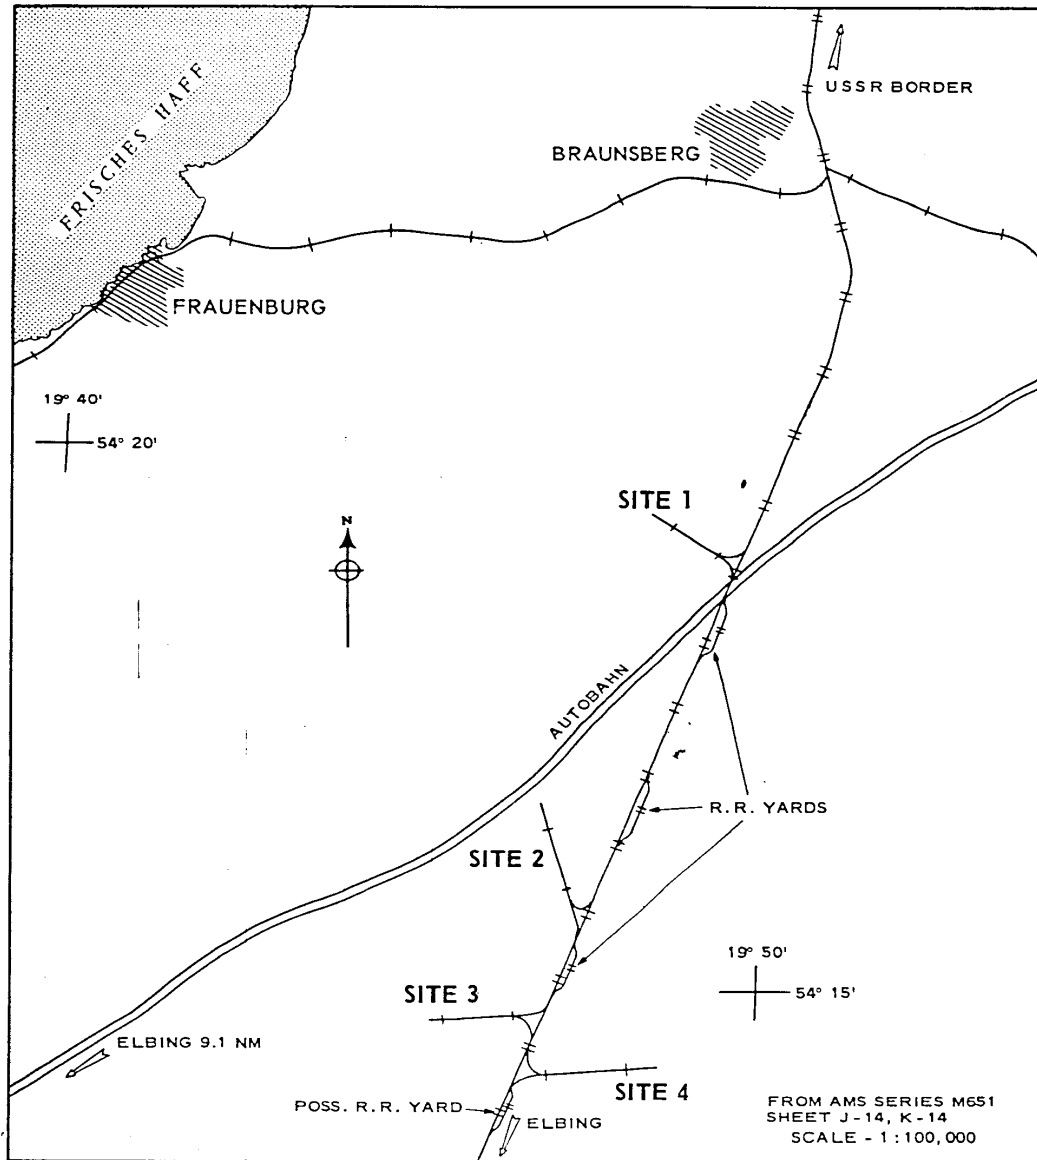

25X1D

JB-2-59

A short distance west-northwest of the tanks a small unfenced area with buildings is located next to an unsurfaced road connecting the villages of Kurau and Rautenberg. It may possibly provide support for the tank area and fuel transloading facility.

In addition to the spurs, three and possibly four rail yards are located along the main tracks at positions indicated on the attached map.
